

NO DEATH PENALTY FOR ADULTERY IN ISLAM

1) **Adultery is obscenity in Islam , Christianity , Judaism & other religions .The adultery penalty is death in Torah & bible but not in Quran which is 100 lashes only for both man & woman & no killing or stoning even if the adultery woman was married & there is no punishment at all for single woman & man who have sex after mutual word of mouth marriage consent even if it was a secret non publicized marriage or under the form of "right of possession" "melk al yameen", in which a free single woman can consensually devote herself to a man which is all legal in Islam**

see Quran, 24;2

“???????????????? ???? ?????????? ?????????????? ?????? ?????????? ?????????????? ?????????? ??????????”

translation is “The adultery woman & man – lash each one of them with a hundred lashes”—

2) **ADULTERY punishment is impossible to apply according to Islam requirements because it needs complete evidence that are practically impossible to be proven** . It needs four pious credible witnesses that witness the full sexual intercourse act without any spying or prying , moreover the woman **must confess** perpetrating the crime & if ever all these conditions are satisfied then the penalty is only 100 lashes & this punishment is not applicable to single woman & man who have sex after mutual word of mouth marriage consent even if it was a secret non publicized marriage or under the form of "right of possession" "melk al yameen", in which a free single woman can consensually devote herself to a man which is all legal in Islam

Accordingly , it is clear that this penalty (100 lashes) is **practically applicable to only this unfaithful married person & adultery partner who betray the spouse** ,that is if the adultery woman was married , then she & her adultery partner male get lashed only & the hadith/narration of adultery stoning penalty to married people is fake -just as the myriad of fake hadith marring Islam-& the least common sense would say that the Prophet Muhammad could not disobey his Lord & stone instead of lashing (note that Quran stated lashing without specifying the marital status),moreover the Prophet never implemented any lash or stoning penalty alike to Prophet Jesus who refrained from & discouraged the stoning of the sinful woman despite the penalty stating in Bible

3) **ISLAM IS MORE FEMALE BIASED THAN ANY OTHER CIVIL LAW** on earth on that issue . A woman in any civil law can be convicted of adultery if enough witness & material evidence is sufficient even if the woman denies the act . Differently, Quran stipulated that despite witnesses & evidence condemning the woman , **she still can absolve & acquit herself if she denies the witness/evidence** accusation even if the witness was her own husband provided she takes the oath for that denial , see Quran 24;8

“???????????????? ???? ?????????? ?????????????? ??? ?????????? ?????????? ?????????????? ?????????????? ? ?????????? ?????????? ?????????????????? ??? ?????????????????????? ?????? ?????????? ?????????? ?????????????? ??? ?????? ?????? ??????????????????”

translation is “But it will prevent punishment from her if she gives four testimonies [swearing] by Allah that indeed, he is of the liars. And the fifth [oath will be] that the wrath of Allah be upon her if he was of the truthful”—

.4) **Both man & woman are to be equally punished in adultery** if adultery is proven as per conditions stated above & the 100 lash punishment should be done in a way so as not lead to death or serious injury but only to inflicting pain

5) As seen from above conditions needed for proving the case , unless the woman willingly confesses , thus someone may wonder why it was enacted especially that even the prophets did not implement it , the answer is to depict how greatly sinful this act is & to serve as a deterrent to adultery committing so as to save the family & society from treason & betrayal disasters & problems . Also the here life punishment is an expiation & relief from the afterlife punishment .
